What we will do

Recycle Rewards is dedicated to creating a more environmentally educated and sustainable community.

Through our unique and innovative platform, we facilitate individuals, classrooms and entire schools to actively work together to collect recyclable materials and dispose of them at our clean, safe, designated drop-off areas.

Each user will collect points for every bag of recyclable material that is collected and dropped off. Points can be saved and redeemed to earn unique and exciting prizes across the city.

Whether it is free cinema tickets, discounted passes to Toronto landmarks such as the CN Tower, or vouchers for free meals at exclusive restaurants; each reward is earned with a sense of pride of an environmentally sound community. Our goal is to help others reduce, reuse, recycle, and gain Rewards!

How long does it take garbage to decompose?

- Aluminum Cans
- Electronic Waste
- Food Waste
- Glass
- Paper
- Plastic Waste
- Other Items

Quotes

Recycling, packaging, businesses are changing all of those things because that's what consumers want. Jerry Greenfield
